

SUNPROOF

AVANT GARDE

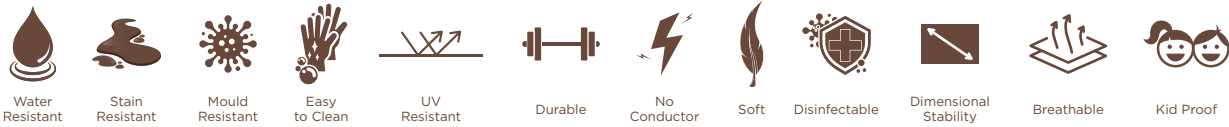

AVANT GARDE

Outdoor fabric made from acrylic is an excellent choice for various exterior applications, offering a unique blend of softness and durability. Despite its gentle feel, this fabric is specifically engineered to withstand diverse weather conditions, including sun exposure and moisture. Additionally, acrylic fabric comes in a wide array of designs and colors, allowing you to tailor the look of your outdoor space to your personal style and preferences. With its combination of aesthetic appeal and resilience, acrylic fabric ensures that your outdoor furniture and accessories remain beautiful and comfortable for years to come.

THE ADVANTAGES OF THE FABRICS IN THE AVANT GARDE COLLECTION

The Sunproof fabric in the Avant Garde collection is an ideal choice for various outdoor applications due to its impressive features. This fabric is designed with water-resistant and stain-resistant properties, effectively repelling both water and stains. Additionally, its mould-resistant capability ensures that mould does not easily grow, maintaining the material's cleanliness and durability. The fabric is also easy to clean and UV-resistant, which helps preserve its color and quality even when exposed to direct sunlight. With its durable nature and non-conductive properties, it offers comfort with a soft texture and maintains good dimensional stability. Its disinfectable feature enhances cleanliness, while its breathable quality makes it comfortable to use in various weather conditions. Furthermore, the fabric is designed to withstand use by children, making it a highly practical and reliable choice for diverse outdoor needs.

TURQUOISE

Width **150cm** Weight **423gr/m²** Abrasion (ASTM D4157-2013) **90,000cycle**

The Turquoise outdoor fabric design perfectly blends beauty and functionality. Featuring Boucle quality, this fabric offers a softness reminiscent of lamb's wool, adding extra comfort to every touch. Designed specifically for outdoor use, Turquoise is PFAS-free and stain-repellent, ensuring long-lasting durability against various environmental challenges. Despite being made for outdoor settings, it provides an indoor-like feel with a calming and comfortable appearance. Its small, elegant pattern makes it an ideal choice for full sofa furniture, creating a relaxed and sophisticated ambiance for your outdoor living spaces.
