

SUNPROOF

PREMIUM

VOL. I

INTRODUCING

sunproof ateja premium

Sunproof is Ateja's Premium Product for our Outdoor Fabrics that provides an exclusive solution for your comfort. The fabric is produced with technical specifications that proves a high performance fabric against natural weather (such as rain & our natural sunlight) that adheres according to ASTM G53 - 96, American Standard.

All Sunproof fabrics have passed the stringent tests according to British Standard and Other International Standards such as:

Color Fastness to Artificial Weathering, Color Fastness to Rubbing, Color Fastness to Chlorinated Pool Water, Color Fastness to Sea Water, Water Repellency, Soil & Stain Repellency, Anti Bacterial, Anti Mildew, and UV Resistance.

SUNPROOF IS OEKOTEX CERTIFIED AND 100% RECYCLABLE.

As a proof of our commitment to the environment, all of our production plant facilities have been certified for their environmental - Friendly Quality - ISO 14001.

With all of the certifications that we've got, Sunproof Fabric has been trusted and distributed worldwide to countries such as Australia, Belgium, Canada, France, Mexico, Netherland, New Zealand, United Kingdom, United Arab Emirates, China, Vietnam, Singapore, Thailand, Sri Lanka, Maldives.

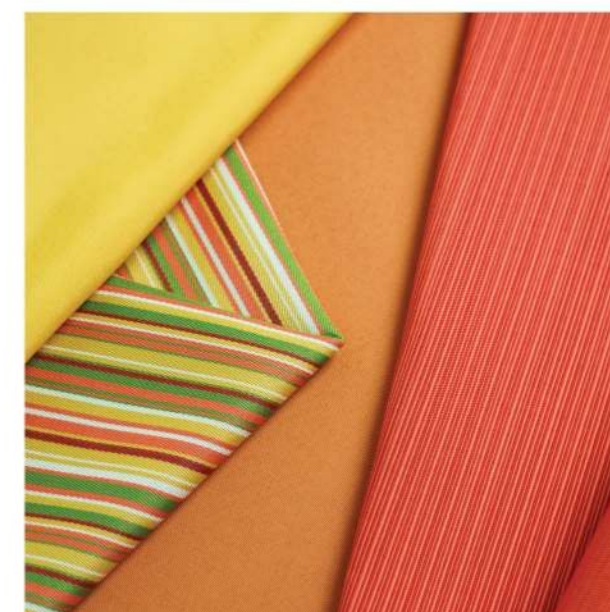

Due to the success of Sunproof Fabric, we present you SUNPROOF PREMIUM COLLECTION that provides you an Excellent choices for Outdoor Fabrics. That further enhances your life.

SUITABLE FOR:

chair cushion sofa

TECHNICAL DATA

Composition	100% Olefin
Color Fastness to Artificial Weathering [grade] (BS EN ISO 105 : B04)	7 - 8
Color Fastness to Rubbing [grade] (EN ISO 105 - X12) Dry Rubbing Wet Rubbing	4 - 5
Color Fastness to Chlorinated Pool Water [grade] (BS EN ISO 105 - E03)	4 - 5
Color Fastness to Sea Water [grade] (BS EN ISO 105 - E02)	4 - 5
Soil Release [grade] (AATCC 130)	5
Dimensional Stability to Washing [%] (EN ISO 6330)	- < 1.0
Weatherability [hours] (ASTM G53 - 96) - American Standard	1,500
Pilling Resistance [grade] (EN ISO 12945 - 2)	4 - 5
Seam Slippage [mm] (prEN ISO 13936 - 2)	< 6
Tear Strength [N] (EN ISO 13937 - 3)	> 60
Tensile Strength [N] (EN ISO 13934 - 1)	> 350
Water Repellency [grade] (AATCC Test Method 22 - 2005)	80
Flammability (BS EN 1021 - 1, 2006) - Cigarette	Pass
Anti Mildew (AATCC 30 : 2017)	Pass
Anti Bacterial (AATCC 147 : 2011)	Pass

Stock may vary from sample in color & texture.

In spite of excellent properties, Olefin yarn has a certain level of durability (depends on climate and proper use of fabric).

Hygiene Protection

Safe for your health. Sunproof fabric is specially treated with sanitized product for hygiene protection. This product inhibits microbial developments and mould stains.

Superb UV Protection

High UV Protection rating. Sunproof fabric has gone through high quality of testing and evaluated by an internationally recognized research and service centre, the Hohenstein Institute, Germany.

Proven Quality. Sunproof has obtained UV Standard 801 certificate - protect 80 which means it is capable of blocking more than 97% UV Ray.

Wide Range of Colors & Designs

Sunproof provides choices. Every individual may have different taste and different color preferences. Therefore, wide variety of designs and colors are launched to the market to suit your needs.

Let us be a trend setter. Sunproof makes every effort to be the leader in providing you new colors and designs one-step ahead of others.

Easy Maintenance

Extreme stain resistant. Sunproof fabric is carefully processed and has gone through a special treatment to reduce the fabric absorption of soil and stains. It keeps the fabric looking clean, fresh and new.

Water repellent. Sunproof fabric is protected by an invisible shield around each of its fiber to keep the fabric dry and clean. It is a natural anti adhere.

Outstanding Color Fastness

Strong color fastness to artificial weathering. Some fabrics if exposed to sunlight for an extended period will fade or lose their intensity of color.

Environmental Friendly

Woven from 100% solution dyed olefin yarn. Sunproof has chosen to use the premium quality of Solution Dyed Olefin. Solution dyeing is a clean manufacturing process as the color is added before the yarn is extruded. It is friendly to the environment because no dye bath processes are used, eliminating waste effluents, which may pollute air and water. Sunproof fabric is 100% recyclable.

Excellent Weatherability

Resistant to UV damage and fading. Sunproof applies excellent ultraviolet blocking agents which protect polymer backbone of the fabric from the effect of UV radiation.

Perfect for all outdoor applications. Therefore as an outdoor fabric, Sunproof is proven to have a strong ability to withstand the effects of prolonged exposure to sunlight, wind, rain and humidity. It is long lasting.

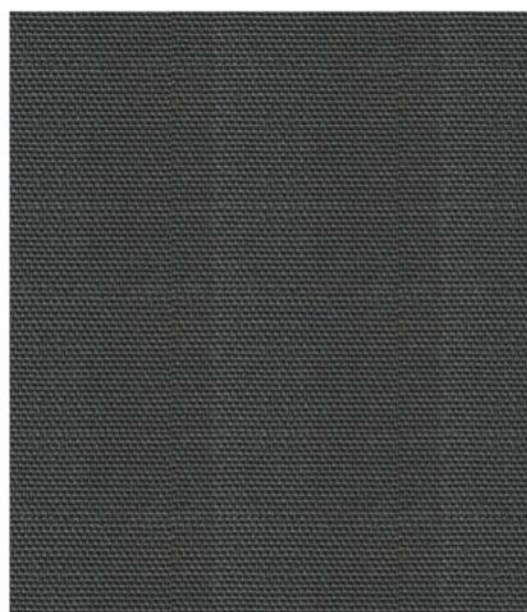

Safe for Direct Skin Contact

Sunproof is Oeko - Tex certified. Oeko - Tex is the world's leading ecolable for textile. Being Oeko - Tex certified means Ateja Sunproof fabric are free of substances which might be harmful to humans and environment.
